Essential Task # 5  
Landscape Drawing Unit

1. Choose 5 elements from various Landscape Color Photos I.E.; Mountains, Sun, Waterfall, Tree, Flowers etc..
2. Compose a layout consisting of 3-5 grounds
  - fore ground -closest to you
  - Middle ground - middle area
  - Background - furthest away from you
3. Choose a rectangular frame, or oval frame which will house your landscape drawing
4. combine all 5 of these selected objects to create/draw your own unique, realistic landscape (animals, insects, reptiles and anything man-made are not allowed to be drawn in this landscape)

Main Objective: create the closest to photo quality that you can
