

Mohonasen STEM Enrichment Programs

March, 2017 Course Offerings

Registration Ends March 8, 2017

The **Mohonasen STEM Program** offers evening enrichment opportunities for elementary and middle school students. Courses and programs are engaging and hands on, focusing on preparing students at a young age for possible careers in science, technology, engineering and mathematics.

- **STEM Special Event! Bradt STEM Night**

Grade Levels: K-2

Location: Bradt Elementary School

Date: Wednesday, March 15th

Maximum number of students: Unlimited

Time: 5:30-7:00 p.m.

Event cost: \$10

The Mohonasen STEM Introduction to Science & Technology for Primary Students is a one-night event designed to encourage our youngest students to discover their love for science, technology, engineering and math. The night will feature break-out sessions devoted to different areas of focus, including astronomy, engineering, robotics and much more! Students will have a chance to learn about the content area and complete a hands-on lab in each breakout session.

- **STEM Special Event! STEM MoTech Night: Medicine and Health**

Grade Levels: 3-6

Location: Center for Advanced Technology Building

Date: Wednesday, March 29th

Maximum number of spots available: Unlimited

Time: 5:30-7:00 p.m.

Event cost: \$10

Students will learn about body systems and how they impact athletic performance and everyday fitness. They will get the opportunity to play games and fun activities then see how it affects their heart rate and fitness levels. Students will engage in athletic training and physical therapy activities by performing mock injury scenarios and treatments while demonstrating various treatment techniques on each other (taping, bracing, splinting, etc.).

Please return registration form below and payment to your child's school building main office.

Make checks payable to: Mohonasen Central School District. Registration ends March 8, 2017

Program Registration (Circle one)
