

Career and Technical Education (CTE) Contract

required

In order to attend CTE, a student must meet all of the following requirements:

- Students must pass all courses **during** the current year. Failure to pass all courses during the school year will lessen a student's chances of attending CTE next year.
- If a student is eligible for summer school, they must register, attend and pass all appropriate courses. This will keep the student on wait-list status for CTE.
- Students must have good attendance for the rest of the school year. Overall attendance records will be considered when placing students.
- Students should have a clean discipline record for the remainder of the year. Overall discipline records will be considered in placing students.

If you are currently struggling with your academics, attendance or discipline it is not too late to make positive changes and remain eligible to attend. The time to start making those changes is now!

DO NOT purchase any equipment or supplies for CTE until you have heard from Mohonasen that you are able to attend, even if you get notice from CTE about your program.

You must return this signed form no later than Thursday, March 4th to your counselor in order to remain in consideration for CTE next year. Turning the contract in after this deadline will jeopardize your chances of attending. If you have any questions please call your son/daughter's counselor. Selection decisions will be finalized after summer school. Thank you for your cooperation.

By signing below you are verifying:

- You understand and agree to all of the above conditions
- You participated in a virtual or in-person visit/open house to a CTE campus
- Your commit to attending CTE for the entire 2021-2022 school year, if eligible
- You understand that rising *seniors* will be accepted into year 1 of 2 year programs (ie: Electrical Trades 1) if there is still room after all juniors have been placed.

Sincerely,

Craig Chandler
High School Principal

-----*Retain top portion and return bottom portion*-----

CTE Contract

I have read and understand the above information regarding the possibility of me/my child attending a CTE program next school year. Please print legibly.

Student Name _____ Student Signature _____

CTE Program _____
