PRESCHOOL AQUATIC PROGRAM (PARENT/TOT)

The Class is designed for Children from Nine Months-four years old who have little to no experience in the pool. An instructor leads along each session while parents use several holding positions to lend support and reassurance as children explore the water and practice skills such as water adjustment, bubble blowing, entry and exit. Class emphasis is on fun and safety. **Parents must accompany their child in the water.**

ADAPTIVE/PRIVATE LEARN TO SWIM

These classes utilize highly experienced instructors to work one-on-one with students that may have special needs or would like a more specialized approach to swim lessons. These classes are also recommended for athletes hoping to become competitive swimmers.

LEVEL 1: POLLIWOG

Students in Level 1 are oriented to the aquatic environment. With the instructor's support students are introduced to the following elementary aquatic skills: floating, basic glides and kicking on front/back, submerging under water, blowing bubbles, and water safety.

FOR CLASS TIME INFORMATION, PLEASE SEE FAMILYID COURSE LISTINGS

LEVEL 2: TADPOLE

Students learn the fundamental skills without instructor support. They are able to move around independently in shallow water and fully submerge. They will begin alternating arms and legs on their back and front to lay the foundation for future strokes, as well as both front and back glides.

LEVEL 3: MINNOW

The objective of level 3 is to build on the skills in level 2 by providing guided practice in coordinating front and back crawl. Students will be introduced to elementary backstroke, streamline glides and breaststroke. Introduction to treading water and kneeling dives are in the deep water.

LEVEL 4: SUNFISH

Students increase their endurance by swimming familiar strokes (front crawl, elementary back and back crawl) for greater distances. Standing dives and sidestroke are introduced along with the basics of turning at the pool wall.

LEVEL 5: FLYING FISH

The objective of Level 5 is the coordination and refinement of all the strokes: front and back crawl, butterfly, elementary backstroke, breaststroke and sidestroke. Flip turns on front and back are introduced.

LEVEL 6: WARRIOR

Refines the strokes so students swim them with ease, efficiency and power over greater distances. Level 6 is designed with options that focus on preparing students to participate in more advanced courses, such as Lifeguard Training or competitive swim team.
